

## HALFTIME VIRTUAL ROUNDTABLE 2024

Many people reach a season of life, having achieved some measure of success, when they wonder “What’s next? What would give my life more meaning, joy and balance?”

For over 20 years, the Halftime Institute has been a leading expert in helping seasoned leaders plan for a second half of significance. Halftime is a time-out. A pause to reflect on what you’ve accomplished, who you’ve become, and what will matter most to you in the next season.

Limited to a small group of peers, the Virtual Halftime Roundtable allows you to participate from any location and will enable you to gain clarity about who you are and what you want, and build a roadmap for your next season, with the insights and accountability of peers and one-on-one coaching.

The Halftime Roundtable experience will help you answer questions like:

- > What is my purpose or calling?
- > What will give my second half more meaning, joy and balance?
- > How can I best include my spouse and family in this journey, in a way that enables them to thrive in our next season?
- > How can I create the time margin and financial strategy to have the freedom to make a difference in the areas I’m passionate about?
- > How can my unique strengths and expertise best contribute – what kinds of organizations and roles? How can I test that out?
- > Are there creative ways that my current business or organization could be a platform for living out this emerging mission statement?
